

ALUMINUM  
ENTRANCES

## 3000 Series Sliding Entrance

The D8 Aluminum 3000 Series Sliding Entrance was designed as an interior sliding partition and is ideal for opening up large interior wall areas. It is available in top hung or bottom roll configurations. Standard bottom track configuration can easily accommodate large operable leaf sizes.

Although not air/water tested, the 3000 Series can be used in exterior applications under the right conditions. It comes in a wide variety of custom painted and anodized finishes.

The 3000 Series Sliding Entrance comes with an industry standard factory warranty.
